The League of United Latin American Citizens (LULAC) is the oldest surviving Latino civil rights organization in the U.S. It was established on February 17, 1929, in Corpus Christi, Texas, largely by Hispanic veterans of World War I who sought to end ethnic discrimination against Latinos in the United States. LULAC was a consolidation of smaller, like-minded civil rights groups already in ...

MFT proposes that the human mind is organized in advance of experience so that it is prepared to learn values, norms, and behaviors related to a diverse set of recurrent adaptive social problems (specified below in Table 2.1). We think of this innate organization as being implemented by sets of related modules which work together to guide and constrain responses to each particular problem.

The Birth of Probability and Statistics The original idea of "statistics" was the collection of information about and for the "state". The word statistics derives directly, not from any classical Greek or Latin roots, but from the Italian word for state.. The birth of statistics occurred in mid-17 th century. A commoner, named John Graunt, who was a native of London, began reviewing a weekly ...
