A comparative study conducted by Logan et al. (2012) indicated that both entertainment and informativeness have a significant impact on the value of social media ads and TV ads. Another significant relationship was also noticed by Logan et al. (2012) between advertising value and customers' attitudes. However, Logan et al. (2012) disproved the impact of irritation on the advertising value.

Investigating the impact of social media advertising ...

Agile software development is an approach to software development under which requirements and solutions evolve through the collaborative effort of self-organizing and cross-functional teams and their customer(s)/end user(s). It advocates adaptive planning, evolutionary development, early delivery, and continual improvement, and it encourages rapid and flexible response to change.

Premiums are promotional items — toys, collectables, souvenirs and household products — that are linked to a product, and often require box tops, tokens or proofs of purchase to acquire. The consumer generally has to pay at least the shipping and handling costs to receive the premium. Premiums are sometimes referred to as prizes, although historically the word "prize" has been used to ...
