Conservative criticism. American conservatives have criticized the course framework for downplaying American exceptionalism and failing to foster patriotism. In 2014, there were protests against it in the Jefferson County Public Schools district in Colorado. In 2015, a bill to replace the course framework was passed by the Oklahoma House of Representatives' Education Committee, but later ...

Very very interesting. I have traveled extensively on 3 continents and am of European-American ancestry, but completely relate. The article makes me think of a quote by one of the Greek philosophers from the 5th century B.C [Socrates, I believe] about intellectuals [in general] : If one is a thinker or intellectual, one is neither an Athenian nor a Greek, but a citizen of the world.

When it comes to artificial intelligence, we may all be suffering from the fallacy of availability: thinking that creating intelligence is much easier than it is, because we see examples all around us. In a recent poll, machine intelligence experts predicted that computers would gain human-level ability around the year 2050, and superhuman ability less than 30 years after. 1 But, like a tribe ...
