Last week's post (Is It Good to Eat Sugar?, Jan 25, 2012) addressed what I see as the most problematic part of the thought of the health writer Ray Peat - his support for sugar consumption. Apart from this difference, "an extreme amount of overlap is evident," Danny Roddy notes, in our views and Peat's. Both perspectives oppose omega-6 fats, support saturated fats, favor eating ...

This goal set me on a journey from which the L-07 is an early example. This design became simplified, and was described as a 'compact dipole speaker' in one of my AES papers, using M-T-M main-panels and separate dipole woofers. From this I developed a line of Audio Artistry loudspeakers, the Dvorak, Vivaldi and Beethoven.

The best crossovers ... The best electrical crossover filter is one that maintains the acoustic polar response of a loudspeaker throughout the crossover frequency range as output shifts from one driver to the next. The sum of acoustic lowpass and highpass outputs must have allpass behavior without high Q peaks in the group delay.
