Multiple choice questions are fundamental survey questions which provides respondents with multiple answer options. Primarily, multiple choice questions can have single select or multi select answer options. These are the most fundamental questions of a survey or questionnaire where the respondents are expected to select one or more than one option from the multiple choice question options.

Multiple Choice Questions : With Types and Examples
While weighing the pros vs. cons of multiple-choice questions for student learning, one educator put it well: "Compared to a free-answer review quiz, is a fast multiple-choice quiz equal or slightly-less-good, substantially less good, or all-but-worthless?" Our response: Multiple-choice retrieval practice is a very good thing for learning!

But what about multiple-choice questions? — Retrieval ...
