Using PeopleSoft Grids Concept. Steps: On some pages, you may want some of the fields to repeat in order to enter multiple rows of data. For this purpose, PeopleSoft uses grids.With grids, you have the ability to add, edit, and view multiple occurrences of data for a group of fields on one page.

Using PeopleSoft Grids

PeopleSoft applications support three wildcard features when searching for data in character fields. These wildcards can be helpful in finding the exact information you want to process. The table below displays the supported standard wildcard features. Step 1; For example, suppose you are looking for a specific person but can't remember his ID.

Using Wildcards
