This Approved Code of Practice (ACOP) offers practical guidance to everyone engaged in work associated with forestry on how they can meet their obligations under the Health and Safety in Employment Act 1992 and its associated Regulations.

Approved Code of Practice for Safety and Health in Forest ...
A cryptographic hash function is a special class of hash function that has certain properties which make it suitable for use in cryptography.It is a mathematical algorithm that maps data of arbitrary size to a bit string of a fixed size (a hash) and is designed to be a one-way function, that is, a function which is infeasible to invert. The only way to recreate the input data from an ideal ...
